

Access

To access the Positive Pay portal, log into your online banking, click on the **Positive Pay** tab, then click **Centrix Positive Pay**. This will open the Positive Pay portal in a new browser tab.

Exception Processing

You will receive email notifications when “unauthorized” items post Check or ACH item (if you sign for both services). To review, go to **Quick Exception Processing** and view the images then **click Pay or Return** (choose a reason if returning) and **Save Decisions**. Both Checks and ACH transactions will show up on the screen below, if you are using ACH Positive Pay service, instead of “**View Image**” under the Check # column you will see “**Add ACH Rule**”.

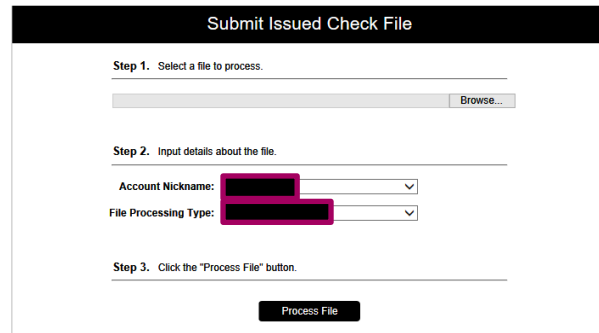

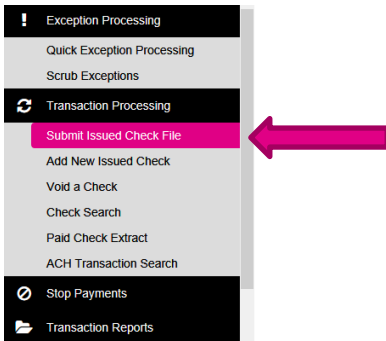

If you want to review or change decisions that were already made uncheck the “**Hide exceptions already decided**” box.

The screenshot shows the 'Quick Exception Processing' interface. At the top, there is a warning: 'Warning: Client cutoff time has passed (12:30 PM Eastern Time (US & Canada))'. Below this, the title is 'Quick Exception Processing as of 04/12/2022'. The interface includes a sidebar with navigation options like 'Exception Processing', 'Transaction Processing', and 'Stop Payments'. The main area shows a table of exceptions with columns for 'Account Nickname', 'Paid Date', 'Check #', 'Amount', 'Issued Payee', 'Exception Type', 'Pay', 'Return', and 'Reason'. A 'Save Decisions' button is visible. A note at the bottom states: 'NOTE: Exceptions will be given a decision of "Pay" if no decision has been made by 12:30 PM Eastern Time (US & Canada). If you have any questions, please call 1-877-487-2977.'

	Account Nickname	Paid Date	Check #	Amount	Issued Payee	Exception Type	Pay	Return	Reason
1			View Image 11398	539.01		PAID NOT ISSUED	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Past Deadline Item Paid
2			View Image 11403	11.55		PAID NOT ISSUED	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Past Deadline Item Paid
3			View Image 11404	90.00		PAID NOT ISSUED	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Past Deadline Item Paid
4			View Image 32309	597.13		PAID NOT ISSUED	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Past Deadline Item Paid
1			View Image 32317	9,216.00		PAID NOT ISSUED	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Past Deadline Item Paid

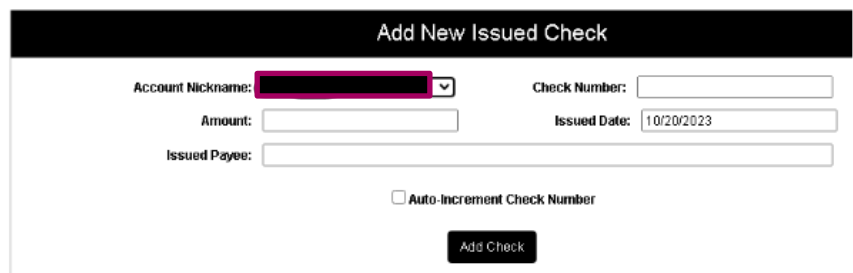

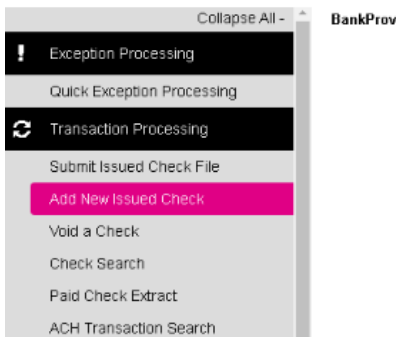

Submit Issued Check File

Browse your computer to find necessary check file and click **Process File**. The file must be in the same format (data in the same columns, comas, spaces etc...) as the sample file you sent with your request for service, then the system will read the file successfully. If you upload any checks that have already been posted to the account, the system will return an error, will disregard those checks but accept new items.

Submit a Single Issued Item

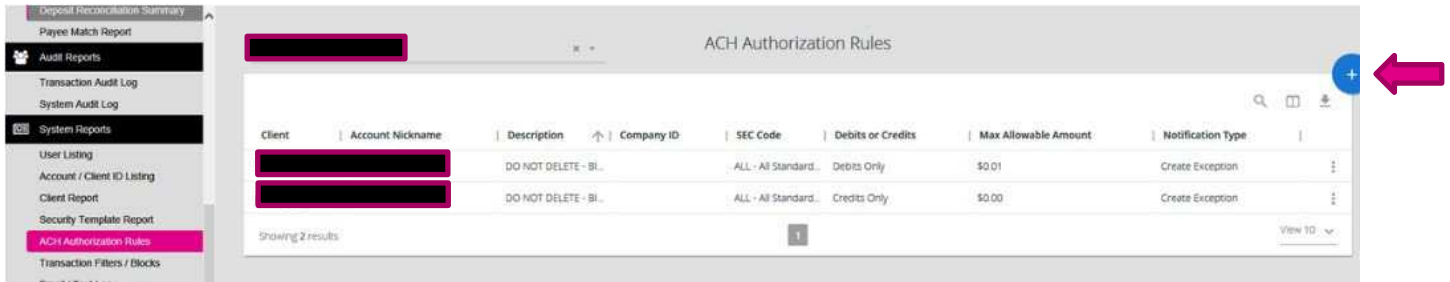

Use "Add New Issued Check and select applicable account from "Account Nickname" drop down menu, enter Check #, Amount, Issues Date and issued Payee and click Add Check when finished. You should receive a message that the Check was successfully added.

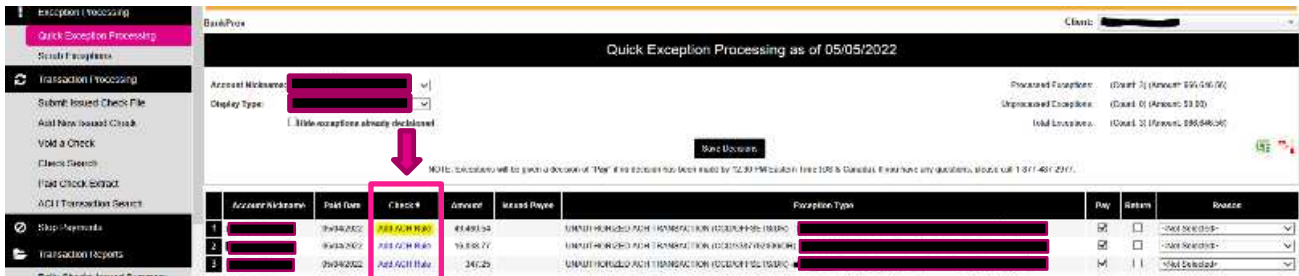

ACH Authorization Rules

in this section you can review and create new ACH rules (if you have ACH Positive Pay enabled on your profile). Screenshot below shows the two rules the bank sets up– these say that no unauthorized company can debit the account, and any company can credit the account (\$0.00 under Max Allowable Amount actually means no limit).

If you know a company’s 10-digit ACH Company ID you can create a rule from the **ACH Authorization Rules** screen by clicking on plus sign.

The easiest way to add rules is through the **Quick Exception Processing** screen (screenshots below)

Add ACH Authorization Rule

Description: Optional

SEC Code: CCD All Standard Entry Class Codes

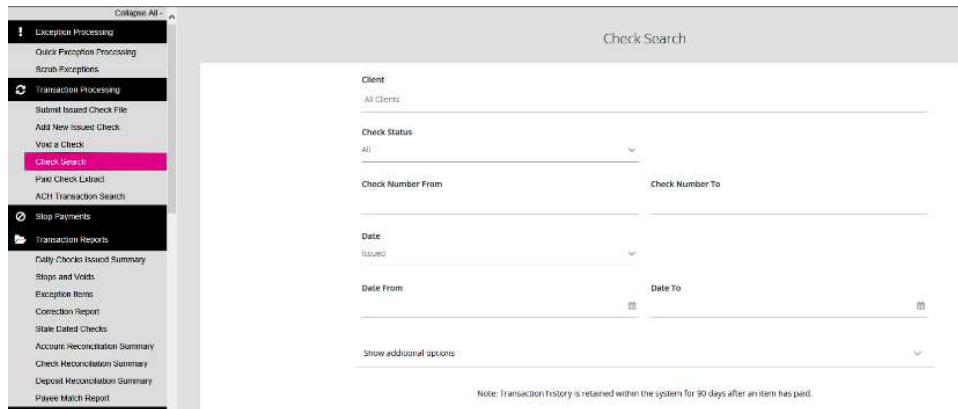

Company ID: OFFSETS

DR/CR: Debits Only Credits Only Both DR and CR

Max Amount: Optional

Check Search

You can use check search to confirm that your upload was successful. This will show you a running list of all issued and paid items if you just click **Search** in the bottom right, and once all current outstanding items are in the system or paid you can run an Outstanding Checks report from here by selecting “**Issued / Outstanding**” as the Check Status.

Voiding an Item

From transaction Processing menu, Select Void a check, choose an applicable account from Account Nickname drop down menu enter Check #, Amount, Issues Date and click Find Matching Check.

The system will search for a matching issued check; verify the check that will be voided and then click Void Check

If the system did not find a matching issued check, a message will display ‘Check was not found’ click Add Check to Void the item; a success message will display.

Void a Check

Step 1. Enter check information.

Account Nickname:

Check Number:

Check Amount:

Issued Date:

Step 2. Click the "Find Matching Check" button to find the check.

Step 3. Verify the check that will be voided.

Step 4. Click the "Void Check" button to complete the void process.

Note: Void history is retained within the system for 90 days after an item has been voided.

Note: If you need to place a **Stop Payment** on a previously issued check, you **MUST** place the stop payment through Business Online Banking or contact the Bank.
